***What is the 'Getting in Motion' Fund?**
Charitable Organization Registration # 13605 4095 RR0001

The 'Getting in Motion' fund, is a non-profit charitable organization that donates 100% of all proceeds to subsidize recreational opportunities for low-income children and youth throughout Lanark County. This Fund, administered by Lanark Health and Community Services, allows each child or youth to apply for as much as $200.00 per year to assist with registration fees, transportation and equipment costs of a recreational activity of their choice.

By increasing access to activities with their peers, this fund will assist children of Lanark County to better cope with the increasing stress on families struggling with financial difficulties. After all, fitness is important for all of us – right from the start!
Please visit www.northlanarkchc.on.ca or www.somersault.ca for more info.
